ARTOGRAPH

C A T A L O G

The perfect, multi-functional, contemporary table, the **Artograph® Futura Light Table** is great for drafting, drawing, or crafting. Its large, tempered, safety glass worksurface adjusts from flat to 35°. We've designed a custom fit LightPad® that sits neatly underneath the glass. Other features include a large pencil drawer, four removable side trays for supplies and three slide-out drawers that mount on either side of the table.

LIGHTTracer®

#25365 White

LIGHTTracer.2

#25375 White

The **LIGHT**Tracer® and the 80% larger **LIGHT**Tracer.2 have slanted surfaces, making them more comfortable to use than standard flat light boxes. Rest either on your lap or table and you have a comfortable surface at an optimal angle for creative work. With brilliant LED lights, they always stay cool, and have no bulbs to change.

The **LED Tracer®** opaque art projector makes tracing, enlarging, and transferring images easy! The perfect tool for decorators, crafters, artists, painters, and hobbyists. The long lasting LED's provide eight times more lux than the Tracer®, consume less energy, emanate less heat, and features a new blue body.

The **EZ Tracer®** opaque art projector makes tracing, enlarging, and transferring images easy! It's compact and easy to use, and is a great tool for youth arts and crafts projects.

RING LIGHT

Our new **LED Ring Lights** are ideal for Photography, Art Studios, Video Streaming, Make-Up Tutorials and more. The 16 and 18 inch Ring Lights feature brightness and color temperature controls, and the 18 inch Ring Light also includes slots for battery packs (sold separately).

LED FLEX Lamp

#12006 White

LED DOT Lamp

#25025 White

The **LED Flex Lamp** with USB charging port features a bright 300 lux head and soft flexible neck to allow you to illuminate your work area for almost any project.

Clip the **LED Dot Lamp** wherever a burst of light is needed. The robust clamp opens up to 1.25 inches wide, accommodating almost any desk or table.

We now offer cordless **Glue Guns** to expand your artistic arsenal. Ergonomically designed and battery operated, these guns offer up to a 2 hour runtime and are easily charged through a 5W rated USB adapter.

14" W x 10.5" D x 0.25" H

#25832 Silver
18.5" W x 13.5" D x 0.25" H

Super thin, super light, and super bright, the **Featherweight™ LightPad®** series is our next generation of tools for the artist, scrapbooker, calligrapher, tracer, embosser, and quilter.

Our **LightPad® LX** series is great for scrapbooking, embossing, visualizing and viewing, stained glass, stenciling, tattoo transferring, calligraphy, quilting, sewing projects, and more!

Flare100

ART PROJECTOR

#25707 Blue/Black

The **Flare 100** is our newest art projector and is aimed at the beginner or novice artist. Five art grids are built-in to give you a head start your artistic journey.

Flare500

ART PROJECTOR

#25500 White

The **Flare 500** features the latest technology for your most advanced art projects. It boasts the latest innovations available on the market, plus the addition of **36 overlay grids** which will help expand your creative side.

5

ART GRIDS

Includes Monopod Arm with Table Clamp

The **Inspire 1500** digital projector features the latest advancements in projector technology, including 4K support, auto focus, Bluetooth, and Wifi screen mirroring connectivity. To make this an indispensable tool for artists, Artograph® programmed the software with 96 grids (32 unique patterns, 3 colors each) to facilitate complex perspectives and techniques.

The **Light Pad Support Bars** from Studio Designs® attach to the back of your Futura, Vision, or Folding Craft Station, suspending a LightPad® underneath, securing placement, and preventing scratches.

Both the **Projector Stand** and **Mini Tripod** feature 360° swivel ball attachments, a 90° tilt, standard 1/4" bolts, and include adjustable phone clamps. Mount a projector, mobile phone, ring lights, even a professional level DSLR camera.
