ESTD. ENGLAND 1958

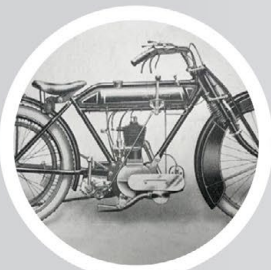

PRODUCT CATALOGUE ————— 2024

150 YEARS

OF EXPERIENCE & CRAFTSMANSHIP

Haden has a rich and innovative history, with over 150 years of manufacturing experience. It was in the Midlands, England, where the Haden family pioneered in making the electric kettle safe for households. Shortly after came our development of the cordless kettle that would change the way we make a cup of tea forever.

1880s

Originally a bicycle-making business A.H. Haden Motorcycles in Hockley, Birmingham, started in the late 1880s

1905 - 1931

New Comet were motorcycles designed and produced from 1905 to 1931, by Alfred Hamlet Haden

1944

Twin brothers, Donald & Denis Haden became involved in manufacturing Bescol kettles

1958

The brothers split & Denis Howard Haden founded his own separate company D.H. Haden Ltd. to manufacture electric kettles

1958 - 1980s

D.H. Haden Ltd pioneered in manufacturing electric kettles

1981 - Present

Haden becomes synonymous with the words 'Electric Kettle'

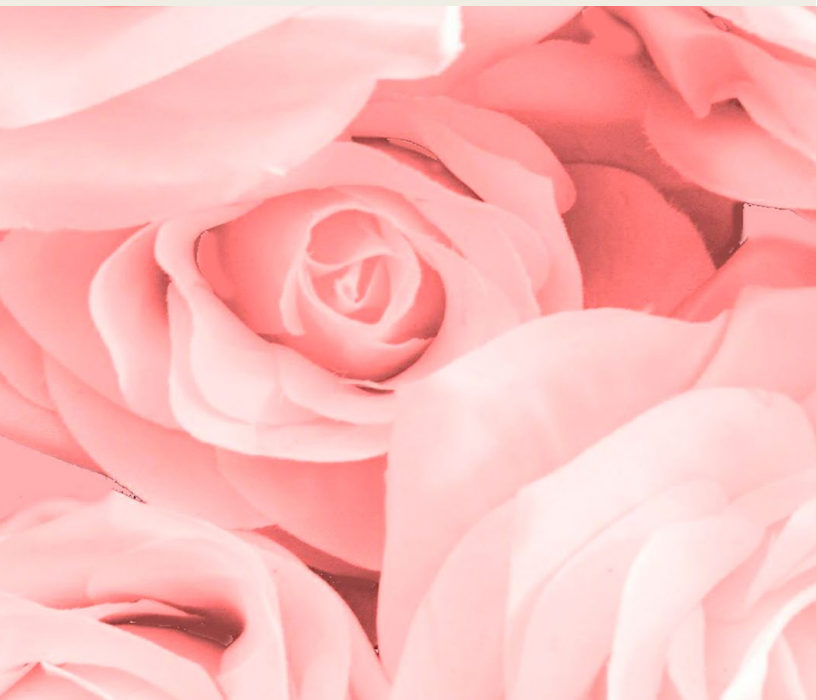

All of our products are tested and certified by either UL, ETL, or TUV for safety, reliability, and longevity.

QUALITY

AT AN ATTAINABLE PRICE

We pride ourselves on our products being of the highest functionality, appearance and certification. All of this quality, priced to be accessible to many.

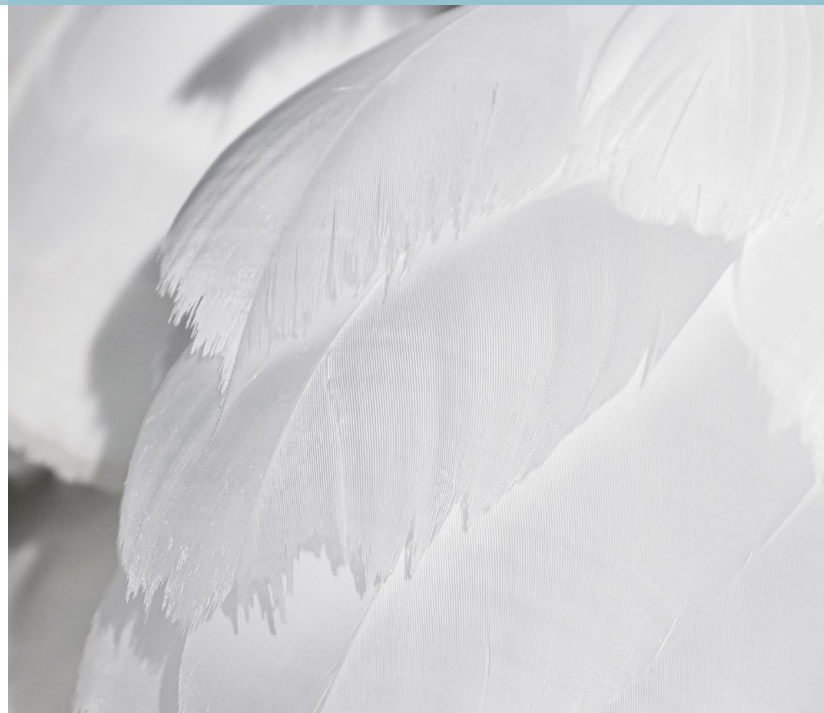

1958 FIRST ELECTRIC KETTLE

BRITISH INSPIRED

Haden continues to focus on pioneering colour and design that is 'Quintessentially British'. We have continued this theme with our latest ranges. We hope you are as excited as we were in developing these collections. Without further ado, please sit back, relax and enjoy your cuppa while turning the pages.

Heritage

In order to mark our 60th birthday in 2018, we created the Heritage range. The kettle has a beautiful vintage design inspired by our pioneering kettles launched in the 1950s. Fusing classic style with contemporary living, Heritage range harks back to an era of simplicity with features that celebrate modern engineering.
