STUDIO DESIGNS HOME

Studio Designs has quickly become a leader in the Art Furniture and Art Accessories industry since its inception in 2007. Our company was founded by leaders in the Art and Home Office Furniture arena. They bring with them over 75 years of combined experience in the ready-to-assemble furniture business. We design and manufacture competitively priced items with contemporary style and provide superior customer service. Our Art Products include a wide range of items including: Drafting/Craft Tables, Drafting/Craft Sets, Easels, Table Lighting, Storage Solutions and Seating. All items are designed to work alone or can be combined to create a full working studio. We continue to grow with the needs of artists and designers and offer products that boost the creative spirit.

The Spire Luxe Chair combines simple lines with handsome upholstery to create a stylish seating option for the office, dining room or as a guest chair. The sculpted back and retro silhouette is updated with a full 360-degree swivel seat. The upscale tweed-like covering in neutral colors are easy to clean. The metal legs on the Spire Luxe Chair ensure that the chair will not loosen or break over time like most conventional four-legged wooden chairs. The firm back and seat provide support for years of use.
