#13371

#13371 Silver/White
(no baskets or shelf)

The **Craft & Cutting Tables** are constructed with a durable powder-coated metal frame and thick MDF tops. The two large drop-leaf tops fold down to create extra space in your sewing or hobby room, when not in use. The six wheels allow you to move it to the perfect spot and four of them lock, to keep the table in place while in use. When the folding panels are up, the large table top can be used to spread out fabric and patterns or to work on large projects.

The **Fabric Cutting Table with Grid ▲** is a great option for all your projects. We took #13374 and added a convenient grid with inches and centimeters to the top panels which allows you to make quick measurements.

◀ The **Fabric Cutting Table** folds easily and has casters for quick storage when not in use. When fully extended these tables offer a work surface that is nearly 60" wide and 36.5" deep making them ideal to spread-out, cut or adjust fabric and patterns. Wire mesh drawers and a bottom shelf offer storage for sewing or craft supplies. The table top height can be adjusted to provide back relief on long projects. The versatility of these tables make them perfect for cutting fabric, craft or hobby projects or as a general extra workspace.

#13396 Graphite/White

The **Pivot Panel Sewing Table** features a swing-out leg that props up a side panel for extra workspace. Hang your frequently used items on the metal panel using four plastic hooks, or the two wire mesh baskets. When your sewing projects are done, swing the leg back, drop the panel and use as a laptop or homework desk.

**Includes:**

2 Baskets and 4 Plastic Hooks

◀ Folding Chair

#13406 Graphite/Ashwood

 A black office chair with a contoured plastic back that folds over the seat, a black padded seat, and a black five-star base with casters.

18616 Black/Black

 A white and gray office chair with a contoured plastic back that folds over the seat, a gray padded seat, and a white five-star base with casters.

18617 White/Gray

The contoured plastic back folds neatly over the padded seat on our **Folding Back Task Chair**, allowing you to tuck it under your desk to maximize your space.

 A silver and white folding table with a large rectangular work surface and a drop-down platform in the center. The table has a sturdy metal frame with curved legs.

13373 Silver/White

The **Folding Multipurpose Sewing Table** ▲ features a large 47.5" wide work surface with a drop down platform that adjusts to 6 height positions. Once the platform is lowered this table can accommodate a sewing machine or keyboard. This table adapts to work in almost every room in the house. Some of the possible uses include: a sewing table, computer table, craft table, general office machine table, extra work space or a folding party table for gatherings.

◀ The **Dart Sewing Tables** are perfect for small spaces and for anyone new to sewing who is looking for a basic, affordable workstation. The simple design and fold-down top make it perfect as a bedroom desk for crafts or for your laptop. Choose from any of the 6 positions for the sewing machine platform so your machine's base is flush with the tabletop. If you choose the top position for the platform, you create a large 41.25" wide x 23.5" deep worksurface for creating, organizing, or cutting.

▲ The **Pro Stitch Sewing Tables** feature a 56.75" wide tabletop that allows you to cut or arrange fabric and patterns. The 9.5" wide drop leaf top folds if less space is needed when not in use. Our upgraded metal mesh drawers are durable and allow you to see your tools and supplies inside them. A lower shelf below the tabletop and below the drawers can accommodate your larger items. Raise the sewing platform for a convenient work desk.

◀ The stylish **Pro Line Sewing Tables** will update your sewing room with a sleek and modern take on a sewing machine table. When the sewing platform is in the top position, you have a large workspace for crafting, cutting or using a die cutting machine. The sheen UV coated finish protects the surface and allows the fabric to slide easily across the surface. The 23" wide x 10.75" deep sewing machine platform can adjust to six positions, so the base of your sewing machine is flush with the tabletop.

The **Comet Plus Sewing Table** and **Comet Plus Sewing Center** ▲ are an affordable and stylish upgrade for your sewing projects. The drop-down platform allows you to align your sewing machine base height to the tabletop height, allowing fabric to glide smoothly across the top. The **Comet Plus Sewing Center** features a wider top, right side storage shelves, and a handy cloth drawer. Also available with a grid top (#13336).

◀ Finding the time and a place to create is always a challenge. The **Eclipse Ultra Sewing Center** features a large 60.25" wide table top that allows you to spread out, cut or adjust fabric and patterns. The 9.5" wide side shelf folds down if less space is needed, when not in use. The three fabric storage drawers and a large lower shelf are available, so you can organize your supplies and keep them close. The unique platform shelf lowers and allows you to adjust for a variety of sewing machine base heights. The heavy gauge steel construction and 5/8" thick top make it a durable table for years of use. The **Eclipse Sewing Table** is the perfect, compact version for those who crave simplicity.

The **Rollaway II Sewing Table** folds down in seconds so that it can be quickly stored away when not in use. It features heavy duty wheels to move it around with ease. A 17.75" wide sewing platform lowers and locks in place, while the four floor levelers keep it steady on most floors.

The **Craft Armoire with Swing-Out Leg** combines a table and storage for a small space in your kitchen, office, or craft room. The drop leaf top can accommodate a small sewing machine, a laptop, or can be used for craft projects. It can even serve as a fold away bistro table or bar with storage. Supplies can easily be hidden, so your work area stays tidy. This armoire's enclosed vertical storage provides both versatility and a space saving design for smaller rooms. The swing-out support leg has a caster for easy placement and secures itself under the tabletop for a steady surface.

▲ The **LED Flex Lamp with USB Charging Port** features a daylight color temperature of 4,000K for drawing and sketching. The bright 300 lumens and soft flexible neck allow you to illuminate your work area for almost any project. It mounts easily to your desktop or shelf up to 2.25" thick with a durable metal mounting clamp that will not break like plastic clips. It has a UL approved plug and a power cord that is 72" long and has an on/off switch. The USB charging port at the base of the lamp makes it easy to keep your phone or other devices close and charged.

▲ Clip the **LED Dot Lamp** wherever a burst of light is needed. The robust clamp opens up to 1.25 inches wide, accommodating almost any desk or table. The rubber ends ensure your top will not get scuffed or scratched. The flexible neck allows you to focus the 450 lux almost anywhere on your work area.

◀ Our line of **Mobile Storage Organizers** offer an organized space for the many tools and accessories that can clutter a craft room. These carts are available in 3-drawer and 4-drawer configurations. These versatile carts can be used in almost any room in the house, such as a garage, kitchen, playrooms, craft and hobby, or laundry room. The casters make it easy to move them across the room or from room to room.
